

## Web Designer

**Hourly** - Est. Time: Part-time - 10-30 hrs/

### Job Description

We are in need of talented Web Designers who are interested to help us create, and maintain graphics for multiple client websites. We have a growing need to provide clients with website Comps (mock ups), banner ads, page graphics and email layouts.

Candidate will be working closely with project managers and clients to design the user experience to the website. Images, videos, and any other visual media will be used to accomplish any request the client asks for.

This is a part-time position (ideal for stay-at-home mom or evening hours) for various web projects. The candidate should have basic web page layout knowledge.

### Skills Required:

Photoshop or Fireworks  
Image Conversion  
Video media, a plus
